30 Days Free Technical Support

Up to 500 Words

This means that if you count the words in the entire website it would have to be less than 500 words. If it is over 500 words then some things would have to be trimmed out of the website. If you can't get the words under 500 then you would have to get an estimate for the website.

5 Images Max

You can only have 5 images on the website. These can come from you or be taken from a site like [Unsplash.com](https://unsplash.com).

4 Sections Max

Websites are broken into sections or pages. This package can only have a total of 4 sections on the website.

30 days free Technical Support

You will get 30 days free technical support after your website is installed. We will make sure everything is working correctly and answer any questions you have for a total of 30 days.
